PENT 2018: Moving Forward

Areas of Focus

- Objective data on PENT effectiveness, including action plan outcomes and the reduction of office discipline referrals, suspensions, and expulsions within counties
- Revision of PENT mental-health treatment planning forms and protocols
- Data analysis and data-driven decision making for behavior intervention plans and/or mental health treatment planning

Technology

- PENT email addresses for easier networking
- PENT data management system for shared resources (e.g., Dropbox)
- Web-based training management system to filter by county and topic
- Access to the B-POSS online BIP scoring tool

Resources

- Online access to the *Journal of Positive Behavior Interventions* by SAGE Publications
- Potential continuing education units from the Behavior Analyst Certification Board
- Topic specific workgroups
- Continuous updates and additions to the PENT website

Cadre Requirements

- Complete annual PENT online survey
- Participate in the annual PENT Forum
- Meet with SELPA Leadership to disseminate Forum information and materials, and plan for implementation of Regional PENT Action Plans
- Participate in local PENT collaborative activities to implement the Regional Action Plans
- Provide at least 3 trainings on tiered interventions and/or evidence-based practices for social, emotional, and behavioral functioning OR implementation coaching to at least 3 teachers/ programs within your SELPA using coaching tools and PENT resources
