PENT 2019: Identifying and Overcoming Barriers

- We have knowledge about supports and interventions that work for students but we're struggling to get them implemented!
- What are the barriers to implementation?
 - Teacher Buy-In, Administrator understanding, Teacher awareness
- Resources provided for:
 - Action & Coping Planning
 - Cheat-sheets
 - Ready to go SEL trainings and resources!
 - Proactively building treatment fidelity and measurement into plans

Stand up if you...

- Are representing a single district SELPA
- Are representing a multi-district SELPA
- Provide direct service to students
- Are an administrator
- Are in a role which makes decisions about systems change
- Are still waking up and the coffee hasn't kicked in yet

PENT 2020

Facilitating Tier 2 Supports: From Adoption to Implementation

- **PENT Cadre Role:** support the dissemination of resources, materials, information related to best practice in positive behavior supports.
 - Share with SELPA director (mandatory!)
 - Start the conversation with administrators or site team (and/or...)
 - Share with your job alike colleagues (and/or...)
 - Implement strategies yourself

- It's going to look different for everyone, and that's OK.
